AJAX SDA MISSION STATEMENT

Preaching

We proclaim to the world the message of the loving God, Matthew 28:18-20.

Teaching

We acknowledge that the development of mind and character is essential to God's redemptive plan. We will nurture believers in their spiritual growth.

Family Life

We recognize the sacredness of the family. We will create an environment conducive to the spiritual, physical, social and mental development of the family.

Community Outreach

We will be active agents for Christ in our respective communities. Our church will be accessible to the community and will assist in meeting its needs.

Here are ways in which you are currently most likely to contract or pass around the Covid-19 virus:

1. Being in close contact with another person (closer than six feet)
2. Via respiratory droplets which are expelled when an infected person coughs, sneezes, or talks.
3. If these droplets land in another person's mouth or nose, or if they're inhaled into the lungs.

The Centre for Diseases Control notes that it may be possible for COVID-19 to spread in other ways, but these are not thought to be the main ways the virus spreads. This conclusion comes primarily from epidemiological data-tracking ways in which most of the people that were infected became infected. This means you must continue to practice safety measures and good hygiene, especially when you're out in highly crowded places like grocery stores. The most important precaution is wearing a face mask and always keeping a safe social distance from others.

Also keep washing your hands frequently and be mindful of touching your face.
